

Predoctoral Contract in Nanomedicine, Radiochemistry, and Nuclear Medicine at the Institute of Medicinal Chemistry and Biomedicine (Madrid)

We are seeking candidates to carry out a PhD thesis within the Nanomedicine, Imaging and 3D Models Group at the Institute of Medicinal Chemistry and Biomedicine (CSIC). The PhD project is part of the research grant:

"Targeted Radiopharmaceuticals and 3D Models for Glioblastoma Therapy" funded by the Spanish ministry of science (PID2025-172429OB-C22).

The position consists of a 4-year contract, starting in January 2027.

Requirements

- Degree or Master in Chemistry, Pharmacy or related areas
- Previous experience in nanomaterials, organic synthesis, and *in vitro* / *in vivo* models will be especially valued.

Interested candidates should send a cover letter and CV to:

 fherranz@iqmb.csic.es

Application deadline: September 30, 2026
